# 10798-200 - RETRACTOR SYSTEM

RETRACTOR REEL  
FOR No. 517, 617 and 1417 FORWARD-FOLD BACKSTOPS

## SPECIFICATIONS

PORTER No. 10798-200 RETRACTOR REEL  
FOR USE ON No. 517, 617 and 1417 FORWARD-FOLD BACKSTOPS

Retractor reel shall automatically retract both the cable and Saf-Strap (re: optional 10797-100 Saf-Strap) from the play of the basketball when the backstop is in the down (playing) position. Retractor reel operates by means of a heavy duty, spring-loaded housing for long life operation, and shall be provided complete with a dual sheave yoke to retract both the cable and Saf-Strap.

Hardware shall be provided to securely attach retractor reel to the 2-3/8" diameter spreader on a No. 517 or 617 backstop mast, and the 3-1/2" diameter spreader on a No. 1417 backstop mast.
